### Profile

I am a goal-oriented, self-disciplined, hard-working person who has developed a mature and responsible approach to any task that I undertake, or situation that I am presented with. A team member who can establish and maintain good teamwork by working as a part of the team. Skilled at quickly solving problems, pursuing and uncovering new solutions to old or/and tough problems, and effectively communicating. Always a student who has a curiosity and open to learn new things.

### Professional Experience

**Software Engineer, Garanti BBVA Technology**

06/2023 – present | İstanbul, Turkey

I'm currently working as a Software Engineer in Garanti BBVA Technology. I am currently working in a team which responsible for developing and maintaining E-Commerce systems and ACS (3D Secure) system of Garanti BBVA.

**Software Developer, Ford Otosan** 

10/2021 – 06/2023 | Eskişehir, Turkey

I have participated in a team that is responsible for developing new systems and maintaining present systems for several plants of Ford Otosan starting with the Eskişehir plant. I have developed my graduation project 'Quality Pool' with the cooperation Ford Otosan.

**Software Engineering Intern, Baykar Technology** 

08/2021 – 09/2021 | İstanbul, Turkey

I worked as a Software Engineer Intern by developing several projects mainly aimed to improve/automate general experience about ground control units of UCAVs.
