🪪 Profile

I am a goal-oriented, self-disciplined, hard-working person who has developed a mature and responsible approach to any task that I undertake, or situation that I am presented with. A team member who can establish and maintain good teamwork by working as a part of the team. Skilled at quickly solving problems, pursuing and uncovering new solutions to old or/and tough problems, and effectively communicating. Always a student who has a curiosity and open to learn new things.

💼 Professional Experience

06/2023 – present İstanbul (Remote), Turkey	**Software Engineer,** *Garanti BBVA Technology* 🔗 I'm currently working as a Software Engineer in a team responsible for developing and maintaining E-Commerce and ACS (3D Secure) systems of Garanti BBVA.
10/2021 – 06/2023 Eskişehir, Turkey	**Software Developer,** *Ford Otosan* 🔗 I have participated in a team responsible for developing new systems and maintaining present systems for several plants of Ford Otosan mainly focused on the Eskişehir plant. Also I have developed my graduation project 'Quality Pool' with the cooperation Ford Otosan.
08/2021 – 09/2021 İstanbul, Turkey	**Software Engineering Intern,** *Baykar Technology* 🔗 I worked as a Software Engineer Intern by developing several projects mainly aimed to improve/automate general experience about ground control units of UCAVs.

🎓 Education

09/2019 – 06/2023 Eskişehir, Turkey	**Bachelor's Degree,** *Eskişehir Technical University* 🔗 Computer Engineering, GPA: 3.70 - Graduated as 1st in the Computer Engineering Department Activities and societies: Technical Lead and one of the founders of Eskişehir Technical University Software Community.
